Trade Date: June 5, 2014

Settlement Date: June 12, 2014 (T+5)

**Alternative Settlement Cycle**

It is expected that delivery of the Depository Shares will be made against payment therefor on or about the fifth business day following the Trade Date (such settlement cycle being referred to as "T+5"). Pursuant to Rule 15c6-1 under the Securities Exchange Act of 1934, as amended, trades in the secondary market generally are required to settle in three business days unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Depository Shares on the Trade Date or the next succeeding business day will be required, by virtue of the fact that the Depository Shares initially will settle in T+5, to specify an alternative settlement cycle at the time of any such trade to prevent failed settlement. Purchasers who wish to trade the Depository Shares on the Trade Date or the next succeeding business day should consult their own advisors.
