Incorporated, Deutsche Bank Securities Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated have agreed to reimburse Allstate Life Insurance Company for certain costs and expenses relating to the offering, sale and issuance of the Notes and maintenance of the Program.

ADDITIONAL PROVISIONS FOR FLOATING RATE NOTES

EXTENSION ELECTION:

The Notes will mature on the Initial Maturity Date, unless the maturity of all or any portion of the principal amount of the Notes is extended in accordance with the procedures described below. In no event will the maturity of the Notes be extended beyond the Maturity Date.

During the notice period for each Election Date (as defined below), you may elect to extend the maturity of your Notes with respect to all or any portion of the Principal Amount equal to \$1,000 and integral multiples of \$1,000 in excess thereof so that the maturity of your Notes with respect to the entire Principal Amount or such portion thereof will be extended to the date occurring 366 calendar days from, and including, the 27th day of the month immediately following such Election Date. However, if that 366th calendar day is not a Business Day, the maturity of your Notes with respect to the entire Principal Amount or such portion thereof will be extended to the immediately preceding Business Day. The Election Dates will be the 27th calendar day of each month from, and including, December 27, 2005 to, and including, November 27, 2009, whether or not any such day is a Business Day.

To make your election effective on any Election Date, you must deliver to J.P. Morgan Trust Company, National Association, the Paying Agent for the Notes, through the normal clearing system channels described in more detail below, a notice of election (each, an "Election Notice") during the notice period for that Election Date. The notice period for each Election Date will begin on the fifth Business Day prior to the Election Date and end on the Election Date; provided, however, that if the Election Date is not a Business Day, the notice period will be extended to the next day that is a Business Day. Your Election Notice must be delivered to the Paying Agent no later than 12:00 p.m., New York City time, on the Election Date. Upon delivery to the Paying Agent of an Election Notice to extend the maturity of the Notes with respect to all or any portion of the Principal Amount equal to \$1,000 and integral multiples of \$1,000 in excess thereof during a notice period, that election will be revocable during each day of such notice period, until 12:00 p.m., New York City time, on the last Business Day in such notice period, at which time such Election Notice will become irrevocable.

If you do not make an election to extend the maturity of your Notes with respect to all or any portion of the Principal Amount equal to \$1,000 or any multiple of \$1,000 in excess thereof during the notice period for any Election Date, the Principal Amount or any portion thereof equal to \$1,000 or any multiple of \$1,000 in excess thereof for which you have failed to make such an election will become due and payable on the date that is 366 calendar days from, and including, such Election Date or, if such 366th calendar day is not a Business Day, the immediately preceding Business Day.

SPREAD:

The table below indicates the applicable Spread for the Interest Reset Dates occurring during each of the indicated periods.

For Interest Reset Dates occurring:	Spread:
From, and including, the Issue Date to but excluding December 27, 2006	Minus 0.01%
From, and including, December 27, 2006 to but excluding December 27, 2007	Plus 0.00%
From, and including, December 27, 2007 to but excluding December 27, 2008	Plus 0.03%

From, and including, December 27, 2008 Plus 0.03%
to but excluding December 27, 2009

From, and including, December 27, 2009 Plus 0.04%
to but excluding December 27, 2010

If, with respect to any Election Date, if you do not make an election to extend the maturity of your Notes with respect to all or any portion of the Principal Amount equal to \$1,000 or any multiple of \$1,000 in excess thereof, the Issuer may, at its option, prepay all or any portion of the Principal Amount equal to \$1,000 or any multiple of \$1,000 in excess thereof for which you have failed to make such an election on each Interest Payment Date in respect of any such amount other than the Maturity Date applicable thereto (each, a "Contingent Prepayment Date") together with any unpaid interest accrued thereon up to but excluding the applicable Contingent Prepayment Date. The Issuer shall give a written notice of prepayment to you not more than 20 days nor less than 15 days prior to the Contingent Prepayment Date.

The Notes are issued in registered global form and remain on deposit with DTC, the depository for the Notes. Therefore, you must exercise the option to extend the maturity of your Notes through the depository. To ensure that the depository receives timely notice of your election to extend the maturity of all or a portion of your Notes, so that it can deliver notice of your election to the Paying Agent prior to the close of business in New York City on the last Business Day in the notice period, you must instruct the direct or indirect participant through which you hold an interest in the Notes in accordance with the then applicable operating procedures of the depository.

The depository must receive any notice of election from its participants no later than 12:00 noon (New York City time) on the last Business Day in the notice period for the depository to deliver timely notice of your election to the Paying Agent. Different firms have different deadlines for accepting instructions from their customers. You should consult the direct or indirect participant through which you hold an interest in the Notes to ascertain the deadline for ensuring that timely notice will be delivered to the depository.

ADDITIONAL PROVISIONS RELATING TO THE FUNDING AGREEMENT

Funding Agreement No. FA-41089 (the "Funding Agreement") shall be in effect from December 2, 2005 until the Funding Agreement Initial Maturity Date (as defined below), or, if such day is not a Funding Agreement Business Day, the immediately preceding Funding Agreement Business Day, unless such date is extended with respect to all or a portion of the principal amount of the Funding Agreement on the initial Funding Agreement Election Date (as defined below) in accordance with the procedures described below. In no event will the maturity of the Funding Agreement be extended beyond the Funding Agreement Maturity Date (as defined below).

During the notice period for each Funding Agreement Election Date (as defined below), the Owner (as defined in the Funding Agreement) may elect to extend the maturity of the Funding Agreement with respect to all or any portion of the principal amount equal to \$1,000 and integral multiples of \$1,000 in excess thereof so that the maturity of the Funding Agreement

with respect to the entire principal amount or such portion thereof will be extended to the date occurring 366 calendar days from, and including, the 27th day of the month immediately following such Funding Agreement Election Date. However, if that 366th calendar day is not a Funding Agreement Business Day, the maturity of the Funding Agreement with respect to the entire principal amount or such portion thereof will be extended to the immediately preceding Funding Agreement Business Day.

To make the Owner's election effective on any Funding Agreement Election Date, the Owner must deliver to Allstate Life Insurance Company ("Allstate Life") a notice of election (each, a "Funding Agreement Election Notice") during the notice period for that Funding Agreement Election Date. The notice period for each Funding Agreement Election Date will begin on the fifth Funding Agreement Business Day prior to the Funding Agreement Election Date and end on the Funding Agreement Election Date; provided, however, that if the Funding Agreement Election Date is not a Funding Agreement Business Day, the notice period will be extended to the next day that is a Funding Agreement Business Day. The Owner's Funding Agreement Election Notice must be delivered to Allstate Life no later than 12:00 p.m., New York City time, on the last Funding Agreement Election Date. Upon delivery to Allstate Life of a Funding Agreement Election Notice to extend the maturity of the Funding Agreement with respect to all or any portion of the principal amount equal to \$1,000 and integral multiples of \$1,000 in excess thereof during a notice period, that election will be revocable during each day of such notice period, until 12:00 p.m., New York City time, on the last Funding Agreement Business Day in such notice period, at which time such Funding Agreement Election Notice will become irrevocable.

If the Owner of the Funding Agreement does not make an election to extend the maturity of the Funding Agreement with respect to all or any portion of the principal amount equal to \$1,000 or any multiple of \$1,000 in excess thereof during the notice period for any Funding Agreement Election Date, the principal amount or any portion thereof equal to \$1,000 or any multiple of \$1,000 in excess thereof for which the Owner has failed to make such an election will become due and payable on the date that is 366 calendar days from, and including, such Funding Agreement Election Date or, if such 366th calendar day is not a Funding Agreement Business Day, the immediately preceding Funding Agreement Business Day.

The "Funding Agreement Initial Maturity Date" will be December 27, 2006, or, if such day is not a Funding Agreement Business Day, the immediately preceding Funding Agreement Business Day.

The "Funding Agreement Maturity Date" will be December 27, 2010, or, if such day is not a Funding Agreement Business Day, the immediately preceding Funding Agreement Business Day.

The "Funding Agreement Election Dates" will be the 27th calendar day of each month from, and including, December 27, 2005 to, and including, November 27, 2009, whether or not any such day is a Funding Agreement Business Day.

"Funding Agreement Business Day" means any day, other than a Saturday or Sunday, that is neither a legal holiday nor a day on which commercial banks are authorized or required by law, regulation or executive order to close in Chicago, Illinois and New York, New York.

If, with respect to any Funding Agreement Election Date, the Owner does not make an election to extend the maturity of the Funding Agreement with respect to all or any portion of the principal amount equal to \$1,000 or any multiple of \$1,000 in excess thereof, Allstate Life may, at its option, prepay all or any portion of the principal amount equal to \$1,000 or any multiple of \$1,000 in excess thereof for which the Owner has failed to make such an election on each interest payment date under the Funding Agreement in respect of any such amount other than the Funding Agreement Maturity Date applicable thereto (each, a "Funding Agreement Contingent Prepayment Date") together with any unpaid interest accrued thereon up to but excluding the applicable Funding Agreement Contingent Prepayment Date.

Allstate Life shall give a written notice of prepayment to the Owner not more than 20 days nor less than 15 days prior to the Funding Agreement Contingent Prepayment Date.

In addition to the payments set forth above, in the event that the Owner purchases some or all of the Notes in the open market (or otherwise) with the prior written consent of Allstate Life as to both the making of such purchase and the purchase price to be paid for such Notes (such right of consent to be exercised in Allstate Life's sole discretion), a payment equal to such amount as may be necessary to fund the purchase of such Notes shall be paid to or at the direction of the Owner on such date or dates to which the Owner and Allstate Life may agree. Upon such payment, the balance of the principal amount in the Funding Account Balance (as defined in the Funding Agreement) shall be reduced by an amount equal to the aggregate principal amount of the Notes purchased (or the portion thereof applicable to the Funding Agreement).

SPECIAL TAX CONSIDERATIONS

The following summary supplements, and should be read in conjunction with, the discussion set forth under "United States Federal Income Tax Considerations" in the accompanying Prospectus Supplement.

An election to extend the maturity of all or any portion of the principal amount of the Notes in accordance with the procedures described in this Pricing Supplement should not be a taxable event for U.S. federal income tax purposes. In addition, if the Trust fails to redeem the Notes on a Contingent Prepayment Date, such failure to redeem the Notes should not be a taxable event for U.S. federal income tax purposes.

Under the OID Treasury regulations promulgated under the Original Issue Discount ("OID") provisions of the Internal Revenue Code of 1986, as amended (the "Code") governing debt instruments issued with original issue discount (referred to as the "OID Regulations"), for purposes of determining the yield and maturity of a debt instrument that provides the holder with an unconditional option or options (for example, an option to extend the maturity of a debt instrument) exercisable on one or more dates during the term of the debt instrument, a holder is deemed to exercise or not exercise an option or combination of options in a manner that

maximizes the yield on the debt instrument. Since the Spread for the interest rate on the Notes will periodically increase during the term of the Notes from an initial amount equal to minus 0.01% to an amount equal to plus 0.04%, under the OID Regulations, the maturity date of the Notes for U.S. federal income tax purposes should be the Final Maturity Date and not the Initial Maturity Date. This is because the original holders of the Notes should be deemed to elect to extend the maturity of all of the principal amount of the Notes to the Final Maturity Date.

The Treasury regulations governing modifications of debt instruments (referred to herein as the "Modification Regulations") provide, in substantive part, that the exercise of an option by a holder of a debt instrument to extend the final maturity date of a debt instrument is a taxable event if, based on all the facts and circumstances, such extension of the final maturity date results in the material deferral of scheduled payments. The Modification Regulations provide a "safe-harbor" period in which the extension of the final maturity date is not a material deferral of scheduled payments. The "safe-harbor" period begins on the original maturity date of the debt instrument and extends for a period equal to the lesser of five years or 50 percent of the original term of the debt instrument. The Modification Regulations do not specifically address the determination of maturity dates and debt instruments such as the Notes (including their economic equivalence to an approximately five year debt instrument containing put options). Since the Notes, as of the original issue date, should be treated as maturing on the Final Maturity Date, an election to extend the maturity of all or any portion of the principal amount of the Notes, based upon both the OID Regulations and the Modification Regulations (either generally or depending on various assumptions based on the "safe-harbor"), should not be treated as a modification and thus should not be treated as a taxable event for U.S. federal income tax purposes.

In addition, the Notes should not constitute contingent payment debt instruments that would be subject to the Treasury regulations governing contingent payment obligations (the "Contingent Payment Regulations"). Furthermore, the Notes should not be considered to have OID for U.S. federal income tax purposes as the difference between the stated redemption price at maturity and the issue price of the Notes should be less than the de minimis amount specified by the relevant provisions of the Code and the Treasury regulations issued thereunder.

By purchasing the Notes, investors will be deemed to agree to report the U.S. federal income tax consequences of their ownership of the Notes consistently with the foregoing discussion.

Prospective investors should note that no assurance can be given that the Internal Revenue Service (the "IRS") will accept, or that the courts will uphold, the characterization and the tax treatment of the Notes described above. If the IRS were successful in asserting that an election to extend the maturity of all or any portion of the principal amount of the Notes is a taxable event for U.S. federal income tax purposes, then investors would be required to recognize gain, if any, upon the exercise of such election. Also, if the IRS were successful in asserting that the Notes were subject to the Contingent Payment Regulations, the timing and character of income thereon would be affected. Among other things, investors may be required to accrue interest on the Notes as OID income, subject to adjustments, at a "comparable yield" multiplied by the adjusted issue price. Furthermore, in such case, any gain recognized with respect to the Notes would generally be treated as ordinary income rather than capital gain. However, because the Notes bear a variable interest rate that is reset and payable every month,

the Issuer expects that (i) the accrual of income at the comparable yield, as adjusted on each Interest Payment Date, should not significantly alter the timing of income inclusion; and (ii) any gain recognized with respect to the Notes should not be significant. Prospective investors are urged to consult their tax advisors regarding the U.S. federal income tax consequences of investing in, and extending the maturity of, the Notes.

Prospective investors should consult the summary describing the principal U.S. federal income tax consequences of the ownership and disposition of the Notes contained in the section called "United States Federal Income Tax Considerations" in the accompanying Prospectus Supplement.
